Titling, Registration

From Alaska Department of Motor Vehicles:

Historic Vehicle Plates & Custom Collector Plates

The owner of a historic vehicle may display special license plates provided they meet the following criteria. The motor vehicle:

- is 30 or more years in age
- is driven upon a highway for the primary purpose of historical exhibition or similar activity
- is not a motorcycle or trailer

Because historic vehicles are used only occasionally on the State highway system, annual registration renewal of a historic vehicle registration is not necessary. The initial registration fee for historic vehicles is \$10.00.

The owner of a custom collector vehicle may display special license plates provided they meet the following criteria. The motor vehicle:

- whose body and frame were manufactured before 1949 or a replica of a vehicle whose body and frame were manufactured before 1949 and that has been modified for safe road use; in this paragraph, "modified" includes a material alteration of the drive train, suspension, brake system or dimensions of the body."
- is not a motorcycle or trailer

A custom collector vehicle must have the following equipment:

- Hydraulic service brakes on all wheels. Sealed beam or halogen headlights. Safety belts for all occupants. Turn signals and turn signaling switch. Safety glass or lexan. Electric or vacuum windshield wiper located in front of the driver. Standard or blue dot taillights.
- Parking brake that operates at least two wheels on the same axle.

The initial plate fee for custom collector plates is \$50.00, along with all applicable fees for the class and body style of vehicle.

To apply for historic or custom collector plates, an individual must complete a Title & Registration Application and submit the application along with the current or last issued vehicle registration. As not all offices stock these types of plates, it is possible that you may apply for the plates and a temporary permit would be issued. The plates would be mailed to you at a later date.

Reconstructed or Homebuilt Vehicles

A reconstructed vehicle is a vehicle that has been materially altered from the original constructed vehicle by the removal, addition, or substitution of essential parts. Essential parts are considered to be the chassis, body, and engine. NOTE: Replacement of ONLY the engine does not constitute a reconstructed vehicle.

A homebuilt trailer is a trailer which has been built by a person other than a manufacturer. A homebuilt trailer may be classed as either commercial or non-commercial.

In order to title and register a reconstructed or homebuilt vehicle a person must do the following:

- The titles of the vehicles from which the chassis/frame vehicle identification number was obtained should be surrendered, if the title has not previously been surrendered to the Division. All bills of sale and invoices for major parts used in the construction should also be surrendered.
- The vehicle must be inspected by a law enforcement officer or a representative of the Division of Motor Vehicles. The purpose of the inspection is to verify the vehicle identification number and the identity of the vehicle. The inspection may be waived on a homebuilt trailer if the weight of the trailer is less than 1,000 lbs. An individual may obtain a special one-way trip permit from DMV for the purpose of bringing the vehicle to a DMV office for inspection.
- Obtain lien releases for any liens recorded on the vehicle records with the DMV.
- Complete a Reconstructed Vehicle Affidavit, or in the case of a trailer built from scratch, a Homebuilt Trailer Affidavit and submit it along with the vehicle inspection, titles, bills of sale and an Application for Title & Registration to the DMV. This affidavit must be notarized and executed by the person who actually built or reconstructed the vehicle.

Homebuilt and reconstructed vehicle affidavits may be obtained at any DMV office.

The motor vehicle registration tax for a permanently registered trailer is the rate established for permanent trailer registration under AS 28.10.431(j). If a municipality has not established a tax for a permanently registered trailer, the biennial rate established in AS 28.10.431(b) or (j), if any, is levied upon the trailer and is payable only once at the time a trailer is permanently registered. If the person pays the registration tax as required by this subsection and AS 28.10.431, no additional registration taxes are required if the same person who initially registered the trailer continues to own the trailer.

Emissions Exemptions

No emissions inspections are performed by the state of Alaska, but emissions inspections are performed at the local level by the Municipality of Anchorage. Vehicles are only tested if they are registered in Fort Richardson, Elmendorf AFB, Indian, Chugiak, Eagle River, Girdwood and Eklutna or within the Municipality of Anchorage. Emissions inspections are normally required for vehicles biennially at registration renewal. The emissions inspection program in the Fairbanks North Star Borough (FNSB) was discontinued on January 1, 2016.

2. Pre-1968 MY vehicles
